

Testimonials

"Your installers just left a few moments ago and the wall mural looks amazing! Thank you for all the care and patience you've put in on this project. The results are already giving my new VP new inspiration as to what we can wallpaper next!"

Krisse P. - Concordia University

"The window graphics in Las Vegas look terrific! We are very impressed with how those turned out. The color is very vibrant and at night they look even better. Thanks for all your help."

Amy C. - Richmond American Homes

"Point Imaging helped us figure out how to transform a hand-painted picture into a 53' mural for the World's Largest Truckstop in Ames, Iowa. Point Imaging kept us in the loop at each step of the project to ensure that the digital image was true to my actual painting and vision."

Lora W. - The Dobbins Group

"Our light tower banners look great! Thanks to Point Imaging for providing outstanding quality and service. Point's expertise was essential in the success of this project."

Mike S. - Chicago White Sox
